REPORT

OF THE

IRISH LAND COMMISSIONERS

FOR

THE PERIOD FROM THE 1st OF APRIL, 1893, TO THE 31st OF
MARCH, 1894.

TO HIS EXCELLENCY ROBERT OFFLEY ASHBURTON
BARON HOUGHTON,

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

We, the Irish Land Commissioners, beg to submit to your Excellency this Report of our proceedings during the period from the 1st April, 1893, to the 31st March, 1894.

APPENDIX
A
1894

JUDICIAL RENTS.

The Staff for the working of the Sub-Commissions consisted of four Legal and twenty-four Lay Assistant Commissioners from the 1st April, 1893, to the 1st January, 1894, and from that date to the 31st March, 1894, three Sub-Commissions were at work; the members of the fourth Sub-Commission have since been employed in valuing for us in cases where Notices of Appeal or for re-hearing have been served, for purchase, and in other duties.

The number of fair-rent notices disposed of by the Sub-Commissions during the period stated, was 5,268. Of this number, 4,129 were cases of applications by yearly tenants, and 1,139 were applications by leaseholders.

The entire number of fair-rent notices disposed of, from the date of our last Report up to the 31st March, 1894, was as follows:—

By the Commissioners as a Court of first instance, principally on consent,	653	L. XL
By the Sub-Commissions,	5,268	
By the Civil Bill Courts,	1,085	
Total,	6,996	

The entire number disposed of by both Land Commission and Civil Bill Courts from the date of the passing of the Land Law (Ireland) Act, 1881, to the 31st March, 1894, was 232,951.

The number of Fair Rent Notices awaiting hearing by the Land Commission on the 31st March, 1893, was 6,162, and our Records showed an arrear of undisposed of cases in the Civil Bill Courts of 5,378.

The numbers similarly awaiting hearing on the 31st March, 1894, were:—

By the Land Commission,	2,916	L. XL
By the Civil Bill Courts, apparent arrears,	5,139	

Of the 2,916 applications awaiting hearing by the Land Commission, 2,703 were received since the 31st March, 1893, and of the cases pending in the Civil Bill Court, 1,091 applications were received during the same period.

As we entertained considerable doubt that there were as many as 5,139 applications to fix judicial rents awaiting hearing in the Civil Bill Courts, and believed that the apparent arrear might be accounted for by the fact that the Clerks of the Peace in many instances had omitted to transmit to this Department (as it is their duty to do) certified copies of the Orders made by their respective County Court Judges in cases which have come before them, the attention of the Lord Chancellor was recently called to the matter.

From a Return which has been received from the Lord Chancellor a few days ago and which will be found in the Appendix, it would appear that there are no more than 214 applications, and not 5,129 as our Books show, awaiting hearing in the Civil Bill Courts. But, until further particulars of the cases disposed of have been received, we are unable to reconcile our Books with the Return now given, or to show how the remainder of these applications, amounting to 4,915 in number, have been disposed of by the Civil Bill Courts.

Judicial Rents have been settled during the year by us on the report of our Valuers in 39 cases, and originating declarations and agreements have been lodged under the provisions of the 8th Section of the Land Law (Ireland) Act, 1881, in 1,483 cases, which 1,414 were lodged in the Land Commission, and 49 were lodged with the Clerk of the Peace of the Civil Bill Courts; 5 judicial leases were executed, and 6 fixed tenancies were created, making altogether 1,513 cases which were settled during the period under review without litigation.

The total number of originating declarations and agreements to fix fair rents lodged since the passing of the Act of 1881, up to the 31st March, 1894, was 121,903.

The total number of rents fixed by us on the reports of Court Valuers during the same period was 1,391.

The total number of judicial leases executed has been 133, and the number of fixed tenancies sanctioned was 36.

Since the Act of 1881 came into operation in 37 cases only have the powers conferred by the 40th Section of the Act been availed of to nominate arbitrators to fix the amount of the Judicial Rents by arbitration. During the last five years the parties have as moved in a single case to have Judicial Rents fixed by this method.

During the year the number of leaseholders who applied under the provisions of the Land Law (Ireland) Act, 1887, to the Court of the Land Commission, was 263, and to the Civil Bill Courts 99; and 99 applications were also made to the latter Court during the same period to fix Judicial Rents in cases where ejectments were pending, pursuant to the provisions of sec. 6 of the Act referred to.

By the 56 & 57 Vic., Cap. 59, the period during which the Civil Bill Courts and the Land Commission were authorized to receive applications from leaseholders, has been extended to the 31st December, 1894.

The total number of leaseholders who have applied under the provisions of the Act referred to, up to the 31st March, 1894, is 32,794, and of these applications 31,622 have been disposed of.

The entire number of rents fixed by all the methods enumerated from the passing of the Land Law Acts of 1881 and 1887 to the 31st March, 1894, was 294,654, not including judicial leases and fixed tenancies. The total rental dealt with was £8,140,603, and the aggregate judicial rent fixed in respect thereof was £4,861,137, amounting to a reduction of 20·8 per cent. over the entire country. The number of cases struck out, withdrawn, or dismissed, was 60,236.*

The total number of cases disposed of during the period from August, 1881, to 31st March, 1894, was therefore 334,890.*

In the Appendix will be found for each of the years from 22nd August, 1881, to 31st March, 1894, the number of Fair Rents fixed by the various methods there enumerated, with the amounts of the former rental, and of the total Judicial Rents fixed with per centage of reduction for each year.

APPEALS

1,530 appeals from the Civil Bill Courts and re-hearings from the decisions of the Sub-Commissions were heard by us during the period stated at sittings held in Dublin or in the country. We held 25 sittings at principal towns throughout the country, and 14 sittings in Dublin, for the purpose of hearing such appeals. Sittings were also held in Dublin for the disposal of motions and other court business.

881 appeals to us in judicial rent cases were withdrawn, making a total of 2,511 of such applications disposed of during the period under review.

The total number of such appeals disposed of since the passing of the Act in 1881 to the 31st March, 1894, was 41,160, which includes 14 appeals in cases under the Labourers Acts.

The number of appeals to us lodged or reinstated, excluding the 14 cases under the Labourers Acts, in the same period was 42,631.

The total number pending on the 31st March, 1893, excluding the 14 cases under the Labourers Acts, was 1,741, and on the 31st March, 1894, was 1,475.

* Until we receive information to show how the above-mentioned 4,915 applications to the Civil Bill Courts and the Judicial Rent have been disposed of, the requisite statement cannot be made in these figures.

Since our last Report orders were sealed fixing rents under the Labourers Acts in 400 cases of applications from Boards of Guardians; 257 orders fixing rents were made by one of the Commissioners sitting in chamber in Dublin. The total number of such rents fixed up to 31st March, 1894, was 3,053.

In the Appendix particulars are given by counties of the number of such applications received and disposed of, and the average rent payable in respect of these cottage allotments.

One application to set aside a Lease or Grant under Section 2 of the Act of 1887 was disposed of during the period.

PURCHASE OF LAND ACTS.

PROCEEDINGS UNDER ACTS OF 1885 AND 1888.

From the passing of the Act of 1885 up to the 13th day of November, 1891, since which date no further applications have been received, the total number of Loans applied for was 29,335, for £11,378,932. Of these 3,854 applications for £1,320,460 have been rejected for insufficiency of security or other reasons; the amount so rejected during the period between the 1st April, 1893 and 31st March, 1894, being £95,799. During the same period 398 applications for £170,097 were provisionally sanctioned, making the total amount sanctioned from the passing of the Act in 1885 up to the 31st March, 1894, £9,907,480, after deducting cases provisionally sanctioned in former years, but rescinded since 31st March, 1893. There were thus 479 applications, representing £150,992, which on 1st April, 1894, had neither been sanctioned nor refused. Of these applications for £58,473 were in excess of the ten millions granted and which can only be met out of such residue as may be created by the refusal of prior applications which have not been finally ruled, or by the dismissal of applications in which the parties fail to comply with our requirements; 49 were applications for £10,401 in respect of one estate pending in the Land Judge's Court which have not yet been disposed of in that Court, and there remained applications for £82,119 in which our requisitions have not yet been complied with.

Of the total amount, £9,907,480, so provisionally sanctioned, we issued 23,815 loans to the amount of £9,629,978 in respect of sales for £9,697,800, the amount issued during the period just closed being £729,217 for 1,731 loans. The proceedings towards the issue of a sum of £377,502 (being the difference between the amount sanctioned and the amount paid) are now in various stages of progress.

The total amount issued includes £448,319 advanced to 1,692 tenants upon 76 estates purchased by us in the Land Judge's Court.

In 379 of these cases the purchase money in excess of the advances was provided by cash payments amounting to £129,750, and by mortgages to the amount of £58,072. In 142 cases the tenants have lodged the necessary Guarantee Deposits, the amount so lodged being £32,568.

The total amount of Guarantee Deposits lodged or retained was £1,867,184. Of this amount £2,786 has been repaid to the parties entitled thereto, and £2,406 18s. 6d. was applied in discharge of arrears of instalments declared pursuant to the provisions of the Act of 1885 to be "irrecoverable," leaving a balance of £1,861,991 1s. 6d. on the 31st March, 1894. Of this amount, £232,719 16s. 3d. has been invested, on the application of the parties interested, in securities, as provided by the 10th section of the Act of 1887, and there remained at that date the sum of £1,629,271 4s. 9d. of which £1,661,753 15s. 8d. was in the hands of the National Debt Commissioners, and the balance is in cash in our hands.

Since the passing of the Act of 1891 to the 31st March, 1894, we have received 6,246 applications for £2,013,221, of these 864 for £250,169 have been refused.

tions.

The proceedings towards the issue of £408,447, the difference between the amount sanctioned and issued, are now in various stages of progress.

Returns
required
by statute.

The periodical return required by the 33rd Section of the Act will shortly be sent forward by us for presentation to Parliament, setting forth in the prescribed form complete particulars of every case in which an advance has been made during the year ended 31st March, 1894, including the date of the advances, the names of vendors or purchasers, the situation, size, rateable value, and rent of each holding, the amount of the purchase-money, advance, and guarantee deposit.

LXXX.

In the Returns which will be found in the Appendix, we state the total amount of the advances for which applications were received by us during the period under review (and which appeared to us likely to be sanctioned) in respect of each county in Ireland for the purchase of holdings, the rental of which respectively exceeded and did not exceed, a rental of £50.

189 applications were received under the 18th section of the Act, 1891, for £104,427 on 18 estates. Of these, 155 applications, for £84,539, were provisionally sanctioned, but for reduced advances, amounting to £30,404. In nine cases the applications for £4,015 were refused for insufficient security and other reasons. Fifteen applications have not yet been finally ruled upon.

Advances for £70,418 have been issued in respect of 128 applications.

feiture in

of holdings.

REDEMPTION OF RENT ACT.

776 applications under the Redemption of Rent Act have been received since the passing of the Act up to the 31st March, 1894, of which 155 have been received during the year. In 189 cases the landlord consented in the prescribed manner to the redemption of the rent. The total amount of the prices fixed by us in 83 cases, embracing 44 estates in which we made orders for redemption, was £54,963, in respect of a total rental of the holdings, as stated in the applications, of £5,717 17s. 2d., and the total advances sanctioned in respect of the prices so fixed was £74,674. In 23 cases the applications for redemption were refused, and 34 cases have not been adjudicated upon.

Proceedings in
in purchase
cases under
Redemption
of Rent
Act.

Out of the total number of applications received by us under this Act, the landlords did not consent to the redemption in 624 cases, and consequently the lessees or grantees were, as the Statute and Rules provide, deemed to have made applications as if they were leaseholders under the Act of 1887 to have a judicial rent fixed; and in 13 cases where applications have been received the time to consent has not yet expired.

of Rent Act.
Number of
judicial
rents fixed.

In 207 of such cases judicial rents have been fixed. The former rental was £24,969, the judicial rental amounts to £18,747, showing a reduction of 25 per cent. Ninety-two applications have been dismissed or struck out, and 32 have been withdrawn; thus 192 cases await hearing.

ASCERTAINMENT OF ANNUAL VALUE.

Since the date of the passing of the Purchase of Land Act, 1891, 1,033 applications were received to fix the annual value, and in the majority of these applications the annual value, as set forth in the purchase agreement, was reduced in several instances to an amount which fixed the annuity at four per cent. on the advance, below which the annuity cannot be reduced.

Annual
value.

On the 1st of November, 1893, being the last gale day preceding the date of this Report, 204 annuities, created under the Purchase of Land Act, 1891, and amounting for the half year to £7,939 13s. 10d., were on our books for collection. 439 of these annuities for £3,124 included Purchasers' Insurance Money to the amount of £236 for the half year. The remainder of the annuities payable in November, in number 465, including 12 cases in which the advance did not exceed three-fourths of the price, were for amounts not exceeding four per cent. on the amount advanced.

Purchasers'
Insurance.

Appended will be found a Table giving in counties the total number of those cases in which the annuities include Purchasers' Insurance Money with the amount of the Insurance Money payable in each county.

APPEALS IN LAND PURCHASE CASES.

During the period under review 26 appeals against the decision of one Commissioner acting alone in carrying the Purchase Acts into effect were heard by the Judicial Commissioner and two other Commissioners, pursuant to the 38th section of the Act of 1891, and 8 appeals in cases arising under the Redemption of Rent Act have similarly been disposed of.

Purchase
appeals.

During the same period, 10 appeals, where the appeal had reference to a question of law only, were heard by the Judicial Commissioner sitting alone, and 3 appeals were similarly heard by one of the Judges of the High Court, acting as a Judicial Commissioner for the purpose of the Land Purchase Acts.

PAYMENT OF PURCHASERS' INSTALLMENTS.

The receipt of instalments in repayments of advances under the Purchase of Land Act continues to be satisfactory.

On the 1st November last, the total amount payable in respect of advances under the Act of 1885 for the half-year's interest and instalments which had then become due, including arrears amounting to £7,352 remaining unpaid on that date, was £190,542, payable by 22,264 payers. Of this amount £181,380 had been paid on 31st March,

APPENDIX

No.

1894, by 21,326 payers, leaving £9,261 16s. 9d. due by 738 purchasers. Of this sum £5,029 due by 646 persons is in respect of the half-year's instalment which accrued on the 1st November, 1893, and is being rapidly reduced.

With regard to the payment of the instalments created under the Purchase of Land Act, 1891, the amount receivable on the 1st November last, from 904 payers was £7,989 13s. 10d., of this £7,854 7s. 5d. has been already received, leaving £135 6s. 5d. to be recovered from 6 payers.

Cases where
default has
arisen.

The holdings of forty-three purchasers who made default in payment of their instalments were advertised for sale during the period covered by this Report.

In twenty-three of these cases the sales were withdrawn, the arrears having been paid; in fourteen cases the holdings were sold to ordinary purchasers; in four cases where there was no competition the holding was purchased by the former landlord and in two cases, in which there were no bidders, the holdings are in the hands of a Land Commission, pending re-sale.

General
statement
as to pro-
ceedings
under Pur-
chase Acts
during
period under
review.

In the foregoing paragraphs we have given separately the general results of the proceedings under the Land Purchase Acts of 1885 and 1891, but taking the proceedings under both Acts in the aggregate during the period between the 31st March, 1893, and 31st March, 1894, 575 applications for £205,428 were rejected, 2,521 applications for £908,723 were provisionally sanctioned, and 3,751 loans, amounting to £1,443,731, were issued. 5,467 Vesting Orders were executed. Rulings have been issued upon all abstracts of title lodged up to the 31st March last, save in two cases where the titles were lodged in that month.

AGRICULTURAL DEPARTMENT.

Collection of
Agricultural
prices.

The Collection and publication of the prevailing prices of Agricultural Produce has been continued.

Diagrams showing the fluctuations of prices of beef, mutton, store stock, and agricultural produce in Ireland for the period from the years 1887, to the 31st of March, 1894, inclusive, with the Quarterly Report of Prices of Irish Farm Produce, will be found in the Appendix.

Experiments in
the prevention
of potato
diseases.

Further experiments in the application of dressings of a mixture of sulphate of copper and lime to the potato plant for the prevention of potato disease, were carried out during the summer and autumn of 1893, in selected districts on the south and south-west coast of Cork; the experiments gave satisfactory results. It is proposed to submit a further report upon this subject to your Excellency at an early date.

Markets
and Fairs
(Weighing
of Cattle)
Act, 1891.

The authorities of certain of the principal markets and fairs have been called upon to provide increased accommodation for weighing of cattle, pursuant to the provisions of the Markets and Fairs (Weighing of Cattle) Acts, 1887 and 1891.

The Commissioners have issued exemption orders to sixty-five market authorities where it has been shown to them that only small quantities of stock are exposed for sale.

Congested
Districts
Board.

At the request of the Congested Districts Board, the Agricultural Department has continued to carry out the working of the schemes approved by the Board for improvement in the breeding of cattle, horses, asses, swine, sheep, and poultry; and also in the improvement of agriculture and forestry; the department has also at the request of the Board purchased small quantities of seeds and manures which were afterwards sold and distributed to residents in Congested Districts. As the work carried out by the Land Commission for the Congested Districts Board is referred to in *extenso* on pages from 4 to 14 in the Report issued on the 30th December, 1893, by that Board for the year 1893, it is not necessary to recapitulate the details of the operations carried out in this Report.

FINANCIAL.

Total
amount
of Loans
issued.

The total amount of Loans issued in cash by the Land Commission since the passing of the Land Law (Ireland) Act, 1881, under the Land Purchase Acts (exclusive of the Arrears Act, 1882, and the Purchase of Land Act, 1891), and the Tramways and Public Companies Acts, up to the date of this Report, has been £9,792,303. The total amount of principal repaid by the purchasing tenants has been £873,480, the interest paid by them has been £1,178,232.

NOTE. Statement
as to
advances.

The detailed statement in the Appendix includes advances made by us under the 59th Section of the Land Law Act of 1881, in payment of arrears of rent, the total

amount advanced being £18,793, of which £18,074 has been repaid, and excludes advances made under the Purchase of Land Act, 1891, as the advances under that Act are made in Guaranteed Land Stock.

Pursuant to Section 17 of the Act of 1891, we transferred Guaranteed Land Stock to the amount of £18,789 8s. 7d. to the Church Temporalities account for the redemption moneys of tithe rent charges and head rents, the property of the late Established Church, ordered to be redeemed in various purchase transactions, and such stock has been taken over by the National Debt Commissioners from us at par value.

14,524 copies of documents were issued from the Office of the Keeper of Records, in addition to which 11,276 folios of other miscellaneous documents were issued, for which the amount received from the public, for scrivenery and other fees, amounted to £333 9s. 8d.

Documents issued from Record Department.

LOCAL REGISTRATION OF TITLE ACT.

In our last Report we called attention to the inconvenience which had arisen owing to the non-registration of the Titles in 2,591 cases, where the sales to the tenant purchasers had been completed after the 1st of January, 1892, in respect of which the Local Registration of Title Act provided that the Title should be registered "forthwith," and we pointed out that this state of things was to be regretted, as until the cases referred to had been dealt with, we understood that the registration of applications where the sales took place prior to 1st January, 1892, in which we were the applicants, could not be proceeded with. The registration in the 2,591 cases referred to has since been completed, and the Titles have also been registered in 5,407 sales where the Vesting Orders were executed during the year, but, as the Commissioners anticipated, the Registrar of Titles has been unable hitherto to deal adequately with the applications made by the Land Commission in those cases where the sales took place prior to the 1st January, 1892. Out of 1,240 applications lodged by us, in only 25 have rulings on the Title and directions for searches been issued, and in 15 of these cases the Land Certificates have been issued.

Registration of Tenant Purchasers' Titles.

It is apparent that the labour which must arise in carrying through the registration of the Titles of these past sales must be very considerable, as up to the date of this Report 7,371 cases have been entered in our books, in which the Land Commission as applicants must undertake the preliminary investigation of Title which is requisite before filing the application.

During the year, in 185 cases where the parties had in person applied to the several local registration offices for registration, the purchasers on receiving the requisitions as to Title on their applications and the directions for Registry Searches, have applied to us stating their inability to proceed in person with their applications, and that they were not prepared to incur the expense of employing Solicitors to act for them. In 45 cases Solicitors employed for the purpose indicated, have requested the Commissioners to complete the registration, as their clients refused to pay the costs of discharging requisitions on the Titles or to incur the expense of Registry Searches.

We consider that some time must elapse before the benefits which the Act in question was designed to bring about, by simplifying the Title and form of transfer deeds to enable tenant purchasers to dispose of their holdings at comparatively trifling expense, will be fully recognized.

There is an apparent indisposition to depart from the old method of transferring by lengthy Deeds containing full recitals of the previous Title, and to subsequently registering the same in the Registry of Deeds Office. We have observed reluctance also in cases where the Titles have been registered to keep up the registration when the registered owner has died.

TEMPORALITIES OF LATE ESTABLISHED CHURCH.

The property of the late Established Church which was vested in the Land Commission by the 44 and 45 Vic., c. 71, produced during the year a total income of £715,692, of which £141,340 was for redemption of income and sales of property. The total amount of payments from the Church Fund made by us during the year ending 31st March, 1894, was £710,366, leaving a balance of £5,326.

Total rental produced to year is 31st March, 1894.

The total annual rental receivable by us taken on the 1st April, 1894, amounts to £323,472; whereas the liabilities of the fund, with cost of administration taken on the same date, amounted to £577,082.

Annual liabilities on Church Fund, higher than rental.

It will thus be observed that our present liabilities exceed our receivable rental by about £253,000. We have in the period under review, been able to meet our liabilities and reduce the capital debt, owing to the fact that in addition to the rental referred to,

REPORT
1894

the sum of £141,340 was as stated received for redemptions and sales of property, and the amount of arrears due to the fund at the commencement of the financial year have been reduced by £51,300.

It should also be borne in mind that the Fund is now charged with annual payments amounting to £328,704 to the National Debt Commissioners for discharge of capital debts, all of which will under existing arrangements terminate within about seven years from the present.

In the Appendix will be found a statement of the particulars of the Revenue accounts at present, and of the expenditure to be met.

By payments made since the property vested, the total liability, inclusive of charges imposed by the Legislature since 1881, has been reduced to £8,106,196, exclusive of the annuity for £20,000 for the Royal University, which is not a capital charge.

The original debt of £9,000,000 for the purposes of the Church Act, and due to the Commissioners for the redemption of National Debt, has been reduced to £1,991,696, at the date of our last report the amount was £2,329,513.

Fifty-two tenants occupying holdings on the Church Property estate have availed themselves of the provisions of the 10th Section of the Land Purchase Act of 1881, which enabled us to make advances to them amounting to £17,288 in Guaranteed Land Stock of the purchase money required.

Progress has been made in the investigation of Tithe Rent-Charge and Tithe annuities, in 78 parishes containing 490,742 acres, and subject to £12,885. The charges, payable by 1,254 persons, have been investigated and mapped since the date of our last report.

In all, 1,951 parishes, containing 11,403,054 acres, and subject to £320,617 annuities charge payable by 21,423 persons, have been investigated.
